

Topic Title: There are times when lying is acceptable. Do you agree or disagree?

Assertions that end up false becomes quite adjoining meaning what? in cases, and one has to go through these tough decisions whether to speak the truth or not. Though it becomes extremely difficult, but I would recommend not to lie.

It has been noticed that now-adays, children are adopting this bad adequate of hiding things from their parents and teachers quite commonly. On the other hand, employees present ugly reasons to their higher management in case of missing the strict deadlines which is absolutely wrong. In my opinion, with the vast majority of people having access to the internet and social media people are mainly influenced by the patterns of others, especially celebrities, which causes them to adopt fake circumstances.

However, there are times when truthfulness may cause damage to lives, properties and sentiments. In such cases, it is a common practice to restate the situation oppositely in the larger interest of all the stakeholders. Therefore, doctors often found to hide the patient's medical reports, or governments keep sensitive information hidden from their public for betterment of people and the future generations. As in the case of a serious illness, although reports may be presented to the sufferer's guardian to take good care of him, but the patient himself is kept satisfied with the results.

In a nutshell, situations can be modified based on the circumstances, but the school of thought and education remains the same. Even though it is in the good interest to proclaim false, firstly, it could never be justified, secondly, we should not promote lying. In my opinion, our basic terms should never change based on the decisions taken in the specific situations.

The essay addresses all the parts of the task. Moreover, the ideas presented are all relevant and well-thought-of. The range of vocabulary is relatively wide. However, there are few mistakes in the selection of words due to the use of overly-complicated words. A variety of complex structures are used with minor inaccuracies and occasional accuracies. Overall a well-written and coherent essay.
