The municipal corporation in the area where you live, has decided to demolish a historical building to build a shopping center.

Write a letter to the mayor of the corporation.

In your letter: You have to explain why it is important to preserve the building suggest how the building can be used to benefit the local community.

Dear Sir or Madam,

I am writing this letter to express my dissatisfaction with the municipal cooperation about their decision to pull down the greatest of its time, Sir Cunnigham Clock Tower located in the interior Peshawar region.

The building has been historical landmark for over a century and still stands as the most visited place in Peshawar both by local and foreign tourists. Due to its prominent locality, it has been under the hoods of many businessmen from the past few years, and there has been a motive presented to the local authorities to demolish and build a modern shopping center and a five-star hotel.

Though it is true that the proposed shopping mall and a hotel will bring huge impact on the commercial activities of the whole city, and furthermore produce unprecedented employment opportunities. Nevertheless, this takes a big cost of losing a heritage which is a great sign of culture and art. The clock tower attracts nearly every visitor of the Peshawar city due to its locality and historical importance. It was built to commemorate the diamond jubilee of Victoria, her majesty and due to this fact, the locality has many viewers from the Britain every year.

I hope the municipal corporation reconsiders its decision and find another site for building the shopping center.

Yours faithfully,
